ABOUT US

Music for the Memory is a Charitable Incorporated Organisation (CIO), charity status pending, that offers group singing. The service replaced Singing for the Brain that was provided by the Alzheimer's Society but ceased at the end of March 2018 in East Sussex due to ESCC grant cuts.

Music for the Memory uses singing to bring together local people from all walks of life with any form of mild to moderate dementia together with their carers, in a friendly and fun activity. Singing stimulates brain activity and Music for the Memory enables people to express themselves, feel positive and make new friends. It is not necessary to have experience of singing nor to read music. Our leader, trained by the Alzheimer's Society, teaches new material together with well-known songs which evoke verbal and emotional memories. New songs are taught to help challenge and extend skills.

Currently, two groups meet on alternate Mondays at Battle and Wannock. The groups attract between 20-30 local people to both venues. The sessions last 1½ – 2 hours and include a refreshment break which offers the opportunity to socialise, share and discuss experiences and difficulties and will thus provide support to carers as well as the cared for person.

The service is free to attend, but a donation towards refreshments is requested.
